**Subject:** Extension of time for LWG respond to Round 2B Conditional Approval  
**Date:** 10/03/2005 01:33 PM

---

Jim, Rick and Bob,

This is in response to the LWG's verbal request for an extension of time to respond to EPA's conditional approval of the revised Round 2B Subsurface Addendum to the Round 2 Field Sampling Plan (Revised Round 2B Addendum), dated August 22, 2005. EPA approved the document with directed changes in our letter dated September 26, 2005, and hereby extends the date for LWG's acceptance of the directed changes from October 3, 2005 to October 11, 2005. It is our understanding that LWG needs additional time to complete a technical review of the directed changes. We have tentatively agreed to discuss of these issues on Friday, October 7.
